Men's Shoes.

Some Broken and Some
That are Not Moving
Fast Enough.

These Goods Are
Emmerson's Make
And New Up-to-date
Shoes.

BURNETT & QUARLES.

Look for the Big Boot.

BLACK COMING.

Will Speak At The Court House
Next Monday.

Candidate For Governor Headed
This Way--Will Visit Many
Counties.

Hon. Jas. D. Black, of Barbourville, Ky., will fill an appointment at the Court House in this city next Monday, June 25. Judge Black will in a day or two announce a list of appointments running up to the precinct conventions July 14. This week he is on the stump in counties above here and will speak next week in Western Kentucky.

Judge Black is a stranger to Western Kentucky Democrats but he will find here a strong sentiment in his favor and a disposition to rally to him as the best "harmony candidate" before the people. As an orator, he ranks with the best in the State.

RECORDS BROKEN.

Flore Water on The Ground Than
Ever Seen Before.

Howell, Ky., June 18.—Another terrific rainstorm visited this section Sunday afternoon. All streams are out of their banks and lowlands everywhere are submerged. Roads in many places are impassable. At T. H. Major's gate the water is 20 feet deep, up to the telephone wires. At J. J. C. McKnight's, culverts have been washed away and the wire fence washed up. Claud King's crop, wheat, corn and tobacco is entire destroyed. He has 60 acres under water. Littlefield Bros., are in the same condition, everything under water.

There is not a farmer who has not lost all or a part of his crop. Tyree Nuckolls has lost 20 acres of corn, 10 acres of tobacco and 10 acres of wheat. Jesse Giles has one field of 30 acres of wheat under water. Fully 10 per cent of the crop of wheat is lost and water stands a foot or more deep in as much more. Where it is not covered by water, much of the crop is flat on the ground. Hardly any of the crop has been cut. Farming operations of all kinds are at a complete standstill. It will be a week or ten days before plowing can be done, with no further rains.

What is true of this neighborhood is true of the whole southern part of the county.

FELL FLAT

Another shooting scrape occurred in the county last Saturday night. During the progress of a supper given near Pembroke some of the parties in attendance became engaged in a row, when pistols were drawn and the firing commenced. During the fusillade Charles Holland was shot four times, three balls entering the hip and one taking effect in the foot. It is not positively known who shot Holland, but the matter will be fully investigated by the authorities.

It is claimed that forty or fifty shots were fired, but only four of the balls took effect.

When the shooting began Holland fell flat upon the ground and in this way, it is thought, saved his life, as his wounds are not regarded as of a very serious nature.

Showers In South.

Louisville, Ky., June 18.—(special). Fair in North, showers in south portion of state tonight and Tuesday.

George McKenna, Will Baker, Henry Adams, Louis Trice and N. Fisher, all colored, were captured by officer Booth Morris. They were charged with "crap shooting" and were each fined \$20 and costs in the city Court. Three paid up and the other two were sent to the work house.

TROOPS TO CHINA.

Gunboat Concord Ordered To
Take Marines.

Communication Cut Off And Great
Anxiety Felt on All
Sides.

Washington, June 18.—The most alarming feature of the Chinese situation is the absence of news. The United States Government has taken a vigorous position and is hastening relief to Minister Conger and to Rear Admiral Kempff. In addition to the warships and mines already under way, the gunboat Concord with more marines has sailed from Manila. The gunboat Yorktown has been ordered from Chefoo to Taku, to return instantly with news from Rear Admiral Kempff. The entire Ninth infantry has been summoned to Manila to be sent to China. Not one of the Powers has heard from its Minister at Pekin for five days, nor from its Admiral at Tien Tsin for three days. Communication north of Shanghai is entirely destroyed. The failure to hear any direct news following the reported attacks upon the legations at Pekin and the tight position in which the international relief column was reported adds to the general uneasiness in half a dozen Cabinets.

BIRD HAD FLOWN.

Grant Parrish, Indicted for Murder,
Escapes to Tennessee.

Grant Parrish, who shot and killed Stephen Stewart, another negro, near The Square, last Wednesday, escaped to Tennessee and is still a free man. After Parrish shot his man he went to Bell, stopping on the premises of Dr. John P. Bell. An attempt was made to keep the negro under surveillance, but it seems he became uneasy about his future welfare and skipped over the State line into Tennessee. Deputy Sheriff Charles Barnes, who went down to Bell after the man Friday, found on arrival that the bird had flown, and he returned the same day. The Tennessee authorities have been notified to look out for Parrish and it is not believed that he can long evade the officers.

The grand jury, which was in session when the killing occurred, made a full investigation Friday and returned a bill against Parrish for murder. If captured before adjournment, of court he will likely be tried at this term.

WATKINS-COCHRAN.

Popular Railroad Man and Memphis Lady to Wed.

Mr. R. C. Watkins, the popular Traveling Freight agent of the I. C., with headquarters in this city, and Miss Mabel Cochran, a charming young Memphis lady, will be married in the latter city this morning at 9 o'clock.

As soon as the ceremony takes place the couple will leave for Savannah, Ga., where they will go by steamer to New York City. They will spend about two weeks in New York, taking several side trips out of that city, and will return here in about three weeks, where they will occupy rooms at Hotel Latham.

ASKS HEAVY DAMAGES.

Mr. Will G. Bramham, through his attorneys, Breathitt & Fowler and John Feland, has filed suit at Elkton against the L. & N. for \$15,000 damages. Mr. Bramham was the fireman on the Hopkinsville and Nashville accommodation at the time that train was wrecked in the Guthrie yards June 13, 1899, when the engineer, John Dennis, was killed, and asks the above amount for alleged personal injuries to himself.

SPECIAL FOR

...Wednesday...
